

## Program Learning Outcomes Theater and Dance (Dramatic Art)

Students will demonstrate:

- effective collaboration in the creation of performance in theatre and dance.
- ability to apply global cultural, historical, and aesthetic contexts of theatre and dance to analyze, critique and realize work and concepts of production.
- understanding of research as grounded in theatre, dance, reading, writing, and critical thinking practices.
- transferable skills acquired in theatre and dance: leadership, organization, collaboration, interpersonal communication, and critical self-reflection.
